Ms. Lisa

Github

Genius

Subject: Application for Data Science

Dear Ms. Lisa,

I am writing to express my interest in the Data Science position at Github.

With over 20 years of experience in administration, logistics, and system management, I have recently transitioned into Data Analytics using Python, Pandas, NumPy, SQL, Power BI, and Excel.

In my current role as Manager Systems EDP at Anuradha Enterprises Pvt. Ltd., I have:

- Developed and automated financial, sales, and inventory reports using Python, Pandas, Power BI, Excel.
- Built dashboards for KPI tracking and business insights.
- Enhanced procurement and financial workflows through automation.

My expertise in reporting and analytics enables me to bridge business and technical requirements effectively. I am particularly interested in opportunities in Hyderabad where English-speaking roles are available.

Thank you for your time and consideration.

Kind regards,

Pradeep Kumar Barolia
